MEMORANDUM FOR [REDACTED] PRG

SUBJECT: Inputs for FY-1976 Objectives and Perspectives

Attached are copies of the material which VADM Rectanus provided to Gen Wilson during the NSCIC Working Group meeting of 12 March.

One paper is a proposed revision of the substantive objectives for FY 1976, and the other represents a proposal from OASD(PA&E) for a redraft of the Perspectives for 1976-1981.

I thought these would be of use PRD and/or to the NIOs in the ongoing drafting of the Objectives and Perspectives papers.
